I'm currently improving my full-stack software engineer skills. Gaining a firmer understanding of multiple different programming languages and tools, including JavaScript, HTML, CSS, Git/Github, WSL Ubuntu, Jasmine and Jest Testing, Bootstrap, Python, Flask, SQL, and React.

Top Skills

- **Data Structures / Docs** - Adept at creating and reorganizing data structures so that they are both clear and efficient. In addition to creating legible docs that make sense.
- **Debug / Code Testing** - Able to debug and test code using programs like Jasmine, Jest, and Unittest.
- **Problem Solving** – Adaptive to new environments and resourceful enough to utilize my programming skills to create a workable solution to any
- **Constantly Improving** – The tech industry is constantly evolving at a rapid pace. As a result, I constantly look for ways to stay up to date on the new processes while improving my existing skills.

Work Experience

Springboard

Student Software Engineer

02/2021-Present

- Sharpening my skills with Javascript, DOM Manipulation, Bash, HTML, CSS.
- Once complete: +800 hours of software engineering training while working on creating 4 in-depth capstone projects covering front-end, back-end, and full-stack web development.

Kroger, Mckinney

Certified Pharmacy Technician

03/2019-Present

- Effectively communicates with the pharmacist, other technicians, and patient to quickly input prescription data, dispense, and release medications. All while ensuring that there have been no errors in the process.
- Works with both patient and doctor to ensure that the patient gets the correct medication in a timely manner.

CVS, Frisco

Certified Pharmacy Technician

02/2017-11/2018

- Took a de facto leadership role where I was tasked with optimizing the workflow within the Pharmacy. Taking the least desired job for myself at times while giving easier jobs to others. This ensured operations ran smoothly and effectively.
- Effectively communicated with my team to ensure that deadlines were met on time. Despite running on a tight timeline.

Education

Completion Date: (11/2021), Springboard (coding Bootcamp)
